---

## PROFESSIONAL SUMMARY

---

- A software developer with 6 years of development experience in Design, Development, Data Modeling, Analysis, Performance tuning and implementation of Business Applications using Java 8, ReactJS, Redux, JavaScript, PHP, AWS, Oracle Database Management System (RDBMS).
- Oracle Database SQL Certified Expert (9i, 10g, 11g, 12c).

---

## AREAS OF EXPERTISE

---

- |  |  |  |
|--|--|--|
| • Java, PHP, C++, Redux<br>Hooks, Redux, SQL       | • Bootstrap, XML, JSON,<br>jQuery, Mobile Apps | • AWS, NodeJS, MongoDB,<br>Redux-Saga, GitHub, |
| • JavaScript, ReactJs, PHP,<br>HTML, AJAX, Windows | • Flexbox, CSS GRID,<br>Google Analytics       | • Amazon RDS, Amazon<br>EFS                    |
| • CSS, Flexbox, CSS GRID                           | • Python, Firebase                             | • Amazon DynamoDB                              |

## CAREER EXPERIENCE

---

### Frontend Developer

July 2018 – Apr 2021

JM MiSa Inc, UNITED STATES (Client: The Federal Government of Nigeria)

Main Technology: ReactJs, React Native, Redux, Java, JavaScript, AWS, Firebase, SQL, SQLite, JSON, XML

- Developed full-stack web applications which processed, analyzed, and rendered data visually.
- Experience in web frontend development experience with modern JavaScript tooling.

- Developed app-solutions using a variety of languages, frameworks, and platforms such as ReactJs, Java, JavaScript, SQL, and HTML.
- Gathered and evaluated user requirements in collaboration with clients or product manager.
- Designed and developed front-end web pages using modern technologies such as React.js, React Native, Redux, CSS Grid, Flex, HTML, Bootstrap, WordPress, etc.
- Re-designed existing User Interfaces (UIs) to better adapt to modern browsers, android and iOS devices therefore helping to reduce Bouncing (Abandonment) rate on mobile App.
- Ensured applications security to interact with multiple APIs and databases.
- Built User Interface (UI) wireframes and mockups for various device sizes such as desktops, tablets and phones, develop and design reusable components using React.js, implementing responsive and interactive features into the design and making sure it is cross-browser compatible.
- Good expertise in the usage of data interchange formats like JSON and XML.
- Solid programming skills and experience in the development and implementation of Client/Server 3-tier architecture-based applications using JAVA, JDBC, JSP, Servlets and JavaBeans.
- Excellent team player, quick learner and self-starter with effective communication, motivation and organizational skills combined with attention to details and business process improvement.
- Managed time-sensitive updates, including content changes and database upgrades.
- Planned, wrote, and debugged web applications and software with complete accuracy.

## **Attended Master's program at the University of Texas at El Paso**

### **Full Stack Developer Analyst**

**Apr 2012 - Sept 2016**

Emerging Market Telecom Services 9Mobile, NIGERIA. - 9Mobile is a division of Etisalat, one of the biggest telecom providers in UAE, Egypt, and Nigeria.

Main Technologies: *PHP, JavaScript, Bootstrap, HTML, XML, Java, CSS*

- Converted the company's web application from static form to a dynamic web application making the web easier to update and hence increased customer engagement to over 1,000%.
- Transformed the company's webpages to a mobile-responsive website thereby increasing the traffic on the websites and subsequently led to having active customers with over 19 million from the previous less than 4 million within 4 years.

- Condensed traffic on the corporate websites into single reports using Google analytics tools thereby having insights on how the contents are performing on different devices and was able to engage the customers more thereby leading to increase customers of over 15 million within 4 years.
- Actively generated process improvements and championed workflow enhancements.
- Designed and developed full-stack applications across multiple platforms using modern industry-adopted languages and frameworks.

#### **Intern, Data Analyst**

**Mar 2009 - Feb 2010**

Emerging Market Telecom Services 9Mobile, NIGERIA - 9Mobile is a division of Etisalat, one of the biggest telecom providers in UAE, Egypt, and Nigeria.

Main Technologies: *Oracle PL/SQL, Oracle ERP, JavaScript, HTML*

- Collected, collated, and carried out complex data analysis in support of management & customer requests.
- Involved in reporting statistical findings to staff and senior managers.
- Manipulated, cleansed, and processed data using Microsoft Excel, Microsoft Access, and Oracle SQL.
- Developed data analytical databases from complex financial source data.
- Responsible for loading, extracting and validation of client data.

---

### **PROJECTS**

---

- Chatbot and messaging Application: Helped build a Realtime messaging App using ReactJs and Chatkit Api as the backend solution which provides Realtime chat messaging and notifications to clients.
- E-commerce app with react native and NoSQL (firebase database): This is both a mobile application and a web application where individuals can buy and sell products.
- Movie App: A movie search app built using ReactJs and Movie Db Api where clients search and selects movies to watch.

- 9-mobile application app (android): built using Java and XML. A telecommunication app where clients can buy data and subscribe for internet services. Use by over 35 million Nigerians for airtime and data subscription.

---

## EDUCATION

---

### Certifications

IBM Data Science Professional Certificate	<b>Oct 2020</b>
Database and SQL for Data Science	<b>Sept 2019</b>
Information Technology Infrastructure Library (ITIL) v3 foundation	<b>Sept 2009</b>

### Schools

Master's in computer science   University of Texas at El Paso, United States	<b>Sep 2016 - May 2018</b>
Bachelors Computer Engineering   Ladoke Akintola University, Nigeria	<b>Sep 2003 - Nov 2008</b>
